Dear Friend,

It's hard to believe we're already into February, isn't it? Hope that you're doing well and staying warm! Below is a list of featured article titles for [Prostate Cancer News You Can Use](#), in addition to a link to the Us TOO web page that provides access to all of the content.

President Obama's recent 2016 State of the Union address included tasking Vice President Biden to lead a new, national "[Moonshot initiative to eliminate cancer as we know it](#)". The White House issued a [press release](#) outlining immediate plans for the Moonshot, which includes research priorities and a proposal for \$755 million in new mandatory funding for the NIH and FDA in FY17. Online response – both positive and negative - has been prolific. The [Congress Blog](#) and a [Washington Post op-ed](#) provide interesting perspective and counterpoints.

Jameson K. Hirsch, Ph.D., a clinical psychologist at East Tennessee State University, is conducting a [survey focused on well-being and cancer](#). Although much is known about the often-negative physical and psychological implications of cancer, less is known about protective factors that might improve health and well being in persons with or recovering from cancer, caregivers to persons with cancer, and even friends/families of persons with cancer. If you're interested in volunteering to complete a [25-40 minute online survey please CLICK HERE](#).

Men diagnosed with [low-grade prostate cancer](#) are encouraged to participate in "[The Dashboard Study for Prostate Cancer](#)," a project to design, test and implement an interactive, multi-media decision aid as an electronic clinical decision dashboard to improve the quality of clinical decision making for the initial treatment of patients with low-risk prostate cancer. The study is being conducted by the Clinical Research Center of the University of Rochester Clinical and Translational Science Institute for a special interest project sponsored by the Centers for Disease Control. [CLICK HERE for more information](#).

[If you have a car you're looking to donate please remember Us TOO!](#) We're currently finalizing the details on an agreement with Vehicles for Charities to provide an easy option for donating a car to benefit Us

TOO regardless of the condition of the vehicle – even if it doesn't run. Watch for more information coming soon; or please [contact the Us TOO home office at 630-795-1002](#) if you have an immediate interest in donating your car.

NEWS YOU CAN USE ARTICLES:

Headlines for this month's *Prostate Cancer News You Can Use* articles are as follows. Links to the full text of each article are available at: <http://www.ustooevents.org/site/R?i=H61kveZ7vnNFhRWz994TIQ>

- Less prostate cancer [screening may delay treatment](#) for earlier onset cancers
- [Circulating Tumor Cells](#) Linked with Treatment Resistance and Response in Prostate Cancer Patients
